FALL PREVENTION PROGRAM

Proactive. Compliant. Results-Driven.

At Sobe Rehab, we help Assisted Living Facilities prevent falls, protect residents, and stay survey-ready with a proven, comprehensive approach.

<p>S SCREEN</p>  <p>Identify residents at risk for falls through proactive assessments.</p>	<p>A ASSESS</p>  <p>Document and analyze all fall incidents to identify root causes.</p>	<p>F FOLLOW-UP</p>  <p>Provide therapy immediately after a fall to aid recovery and reduce future risk.</p>	<p>E EDUCATE</p>  <p>Train ALF staff on safe transfers, supervision, and prevention strategies.</p>	<p>R REDUCE</p>  <p>Continuously monitor, implement, and reduce fall risk across your community.</p>

✓ WHY IT MATTERS

Under Florida regulations, fall-related deficiencies can result in significant fines when prevention is not demonstrated.

FALLS DON'T GET FACILITIES FINED—LACK OF PREVENTION DOES.

Our program ensures your facility can clearly demonstrate risk identification, intervention, and follow-through.

👥 WHAT YOU'LL SEE

- ✓ Fewer falls and injuries
- ✓ Reduced hospitalizations
- ✓ Stronger documentation
- ✓ Increased staff confidence
- ✓ Improved survey readiness
- ✓ Better resident outcomes

🤝 A TRUE PARTNERSHIP

We integrate with your team to support:

- Resident safety
- Staff education
- Regulatory compliance
- Improved outcomes

📅 LET'S MAKE YOUR BUILDING SAFER—TOGETHER.

We can begin with proactive fall risk screenings for your new residents this week.

🛡️ SIMPLE. EFFECTIVE. PROVEN.

"We make your building SAFER."
